## Information about Hampton Academies Trust

The **Hampton Academies Trust** was formed in September 2014 when Hampton College became a convertor academy and formed a multi-academy trust. One of the drivers for conversion was to allow us to bid for other local opportunities. In September 2015 following a competitive bid process, we were named by Peterborough City Council and Cambridgeshire County Council as the preferred education provider for the new secondary school in the locality, Hampton Gardens. In March 2016 we were successful in our free school bid which secured a significant amount of capital funding to build the new school and building commenced in January 2016.

This development enables us to provide an excellent education for the children and young people of the area, as well as offering our staff unrivalled promotion and professional development opportunities.

Our vision is to be a locality based, cross-phase MAT. We intend to grow our MAT in the medium term, and have been successful in a free school bid to design and run the primary provision on the new Hampton East development. The Trust's latest new school project, Hampton Lakes Primary School, is due to open in September 2019 to reception children and will be located on the new development to the east of the A15, near Teardrop Lake. The name of the trust reflects our local focus and we have no current plans to expand our operations beyond our local area. We are not a corporate MAT (and do not want to be) and neither are we part of a regional/national chain. Our vision is to retain our 'homegrown' status and manage our growth in a sustainable way. We believe that MAT working can be most successful when you concentrate on what you know best, in the community you are invested in.

### Vision and Values

Our vision as a Trust is to meet the needs of our students and equip them to fulfil their potential.

- Our curriculum will cater for a wide range of ability and talent, and will provide students with a broad, general education of the highest quality. We will provide an outstanding choice of extra-curricular activities.

- We believe that the health and safety of students, staff and visitors are of paramount importance, and they will always be our first considerations;
- We will work with students, parents/carers and relevant external agencies to promote safe travel to and from school;
- In the interest of safety, students will receive clear messages about items that should not be brought onto HAT premises, or on school visits.

**We value leadership:**

- HAT schools will be well governed, managed and led, having excellent relationships with other schools and agencies. Resources will be used effectively to support learning;
