Hampton Academies Trust

Date Ratified: October 2020

Coronavirus (COVID-19) Addendum to Staffing Policies

Hampton Academies Trust is committed to reducing the spread of Coronavirus, safeguarding the welfare of our employees and students whilst continuing to extend provision to our students in line with government guidance. All of the Trust's schools have a risk assessment in place in relation to the wider opening of the schools which is reviewed on an ongoing basis.

The Trust does not believe it is necessary to undertake a review of all the current staffing policies or make any permanent amendments to policies. However, when the Trust is taking action in line with one of the HR policies the impact of coronavirus will be taken into consideration.
